Signal Work at WS Young and I-14 Access Road Intersection

Lane closures planned in northwest intersection.

All traffic signals in the intersection of WS Young Drive and the I-14 access road will be in flashing mode Thursday from 8 a.m. to 6 p.m.

Lane closures will also be in place for the southbound outside lane of WS Young Drive as it approaches I-14 and the westbound outside lane of the I-14 access road near the intersection.

Crews will be repairing a traffic signal pole and mast arm.

Motorists should anticipate traffic delays. Traffic control devices and personnel will be in place to guide traffic around and through work areas, and drivers are cautioned to obey both.

The City of Killeen apologizes for any inconvenience as a result of this work, and we appreciate your cooperation as we repair this traffic infrastructure.
