

September 3, 2015

Dear Lampasas River Stakeholder,

I would like to formally invite you to a FREE **Septic System Maintenance Workshop for Homeowners** on Monday, September 21, in Goldthwaite, Texas. The On-Site **Septic System Maintenance Workshop** is a one-day training event sponsored by Texas A&M AgriLife Extension. Participants will learn about the treatment processes, health and safety considerations, how to inspect, care for and feed the system, as well as general maintenance procedures.

This free workshop will be held in Goldthwaite from 6 pm to 8 pm at the Mills County State Bank, 1101 Parker St. To register, please contact me at 254.774.6008 or email lprcin@brc.tamu.edu; for information about the program, visit <http://ossf.tamu.edu/>.

I have attached a flyer for the program. ***Please feel free to share with your neighbors and anyone you think might be interested.*** This class would be great for anyone that is new to living on septic system or even long time system users that may need a refresher!

Sincerely,

Lisa Prcin
Lampasas River Watershed Coordinator
