The Federal Open Market Committee (FOMC) raised the Fed Funds target range to 0.25% - 0.50% (actual Fed Funds traded +/-30 bps). The market reacted with higher short to medium term yields. Ten year and longer yields did not increase beyond the current trading range. The December new payroll numbers jumped +292k, with additional positive Oct/Nov adjustments. The Chinese economy and stock market turmoil grabbed international attention. US stock markets dropped in sympathy, but tried to stabilize. Broader international social and economic concerns continue, with the European Central Bank continuing its easing program. Treasury and Agency security yields are attractive for cash-flow based laddering. Although Bank CDs and municipal bonds may still offer the best interest earnings opportunity, if available.
