## A Message from Mayor Debbie Nash-King

As we enter into the holiday season, many return to thinking about and cherishing what matters most— our family and connections. The City of Killeen values our community partnerships and realizes that we would not be able to fully function without our partners in the educational field, civic arena, business and commerce area, and beyond.

One of our biggest partners is Fort Cavazos— one of the largest military installations in the country. Killeen leadership and I recently met with the commanding general of the post to discuss ways we can help ensure the best quality of life for military families, most of whom live just outside their gates in our city.

The City of Killeen municipality is proud to have benefited from veterans with valuable skillsets, as about 27 percent of the City's 1,300 employees are veterans, earning us the "We Hire Veterans" recognition from

Workforce Solutions of Central Texas in 2023, and helping launch us into the Partnership for Your Success (PaYs) agreement with the U.S. Army.

We appreciate our Fort Cavazos neighbors, as well as all our partnerships and want to continue to grow and nurture these community relationships. We invite all partners and citizens to set up a booth at and/or participate in any of the many free events we host or cosponsor for our residents. We have Farmers Markets, the Holiday Tree Lighting ceremony (Dec. 6), the Jingle Bell Dash (Dec. 7), the Christmas Parade and Festival (Dec. 14) and all future events. And thank you for your participation in the Fall Festival, KPD's Trunk or Treat, the Fall Night Market and Veterans Day parade. Speaking of Veterans Day, please remember that year-round, but especially in the month of November, we want to reach out and thank our veterans who serve so selflessly. We appreciate their service and they appreciate our support.

## Ready to serve

November is the month many people celebrate Thanksgiving. But no matter the time of year, the City of Killeen is always grateful for our first responders, who constantly go above and beyond the call of duty.

Six of our firefighters went to Florida and Fire Battalion Chief Phillip Bannister, a member of the Texas Task Force, was sent to North Carolina and served as a search team manager.

Our Fire Department has consistently proven that its members are always ready to serve. They take pride in their quick response times to local emergencies, whether it's a medical crisis or a structure fire.

Our team is also prepared to send crews across the state, and this year alone, they've assisted our neighbors in Temple with tornado recovery,

Several Killeen Firefighters have been assisting with ongoing hurricane relief efforts in North Carolina and Florida. (Texas A&M Task Force photos)

responded to the Smokehouse Creek Fires in February, and helped combat the Central Texas wildfires in August. They don't just fight fires. Their expertise and assistance extend beyond Texas for all natural

disasters.

Our firefighters train continuously so that when you or your neighbors across the United States need them, they can respond with confidence. And for that, we are always thankful.

Saturday, November 30 is Small Business Saturday and we hope you support our local businesses, especially downtown!
