## II. INTRODUCTION

The City of Killeen Capital Improvement Program (CIP) was developed to establish a long-term commitment to the capital projects necessary to protect the health, safety and welfare, and sustain and improve the quality of life of the citizens of Killeen. This program is designed to meet the infrastructure and facilities needs for today, as well as the future. The five year CIP uses a comprehensive approach to ensure the most efficient use of public funds.

## III. CIP DEVELOPMENT PROCESS

A Capital Improvement Program is an iterative process, and should therefore be treated as a work in progress. The intent of this plan is to cover a five-year planning cycle, and to identify long-range projects (beyond the five-year plan) and a list of unfunded projects. Per the adopted Capital Projects Policies, this plan will be prepared, reviewed, and adopted annually to forecast the five-year and long-range project planning goals. The first year of the plan is incorporated into the annual capital budget as required by the City Charter. Adoption of the capital plan will set the stage for the adoption of the capital budget. Funding is appropriated with the adoption of the capital budget. Future years are used for planning purposes and are intended to establish working goals, objectives, and direction for City staff. For a detailed description of the CIP development process, refer to the adopted Capital Projects Policies.

## IV. DEFINITIONS

**Capital Project** – A non-recurring expenditure that exceeds \$100,000 and has a useful life exceeding one year.

**Capital Improvement Project** – A capital project for the new construction or expansion of infrastructure or facilities.

**Capital Equipment Project** – A capital project for items such as equipment, vehicles, tools, or other similar items.

**Capital Maintenance Project** – A capital project for the remodel, reconstruction, or rehabilitation of infrastructure or facilities.

## **V. FISCAL YEAR 2019 HIGHLIGHTS**

### **A. AVIATION**

In FY 2019 Aviation will undertake four projects directed at improving airport facilities and infrastructure totaling approximately \$2.43M. This figure includes \$1.29M in grants and reimbursement programs. The remaining funds will be supplied by Passenger Facility Charges.

### **B. FACILITIES**

FY 2019 holds three facilities projects in store totaling \$1.53M. Of this amount, \$766K will come from CDBG grants for the Bob Gilmore Senior Center.

### **C. PARKS & RECREATION**

There are two parks projects in the FY 2019 plan, and both projects are associated with the construction of the Rosewood Drive Extension project. Of the \$1.99M in funding for FY 2019, approximately \$1.50M will be provided by grants and reimbursable programs.

### **D. ENVIRONMENTAL SERVICES**

Environmental services, sometimes referred to as Drainage, is slated to undertake five capital projects geared toward stabilizing watercourses, and master planning for the future in Killeen totaling approximately \$752K.

### **E. STREETS / TRAFFIC**

In FY 2019 Streets/Traffic will continue work on three capital projects with hopes of closing these projects within the fiscal year. The total funding required for FY 2019 is \$3.85M of which \$2.81M will be covered by grants and reimbursable programs.

## F. WATER & SEWER

With nine total projects, Water & Sewer has the largest number of projects, with the highest funding amount at \$5.58M in FY 2019. This fiscal year is anticipated to close out the 2013 Water & Sewer Bond funds.

## G. TECHNOLOGY

This section is reserved for future use.

## H. VEHICLES & EQUIPMENT

This section is reserved for future use.

## VI. HOW TO USE THIS DOCUMENT

The CIP document is organized by project type. Each project type includes information on existing projects that will carry forward into fiscal year 2019, and projects that are anticipated in fiscal years 2020-2023. By nature, many capital projects may span across fiscal years. While estimates are given year by year for capital projects, these are not maximum amounts. The total expenditure by year will be ruled by the project contract, and pace at which the contractor completes the project. The summary section includes total use by project type and source of funds. Detailed project descriptions and justifications are provided for projects inside of the five-year plan. Those projects beyond the five-year plan and projects that do not yet have identified funding are included in the long-range capital plan.

## A. PROJECT DATA SHEETS

Each project data sheet includes the following:

- Project Title – A brief descriptive title for the project.
- Description – A statement that describes the limits and scope of the project.
- Justification – A statement regarding the need for the project.
- Project Costs and Source of Funds – Details of project costs and sources of funding including prior year expenditures, current fiscal year budgeted expenditures, and estimated expenditures for four upcoming fiscal years.
- Impact on Operating Budget – Estimated increases in personnel, maintenance & operations, and capital costs directly associated with the project. These costs are based upon best estimates as they correlate to the current level of service.
- Project Schedule – Estimated project schedule by month and year as available.
- Site Information – A graphic representation of the project.

**I. CAPITAL IMPROVEMENT PROGRAM TOTAL SUMMARY**

**Aviation**

Project Code	Type	Sub-Type	Project Title					
180002	Aviation - KFRA	AIP Grant (90%)	Terminal Building Boarding Bridges, Ph. 3					
<b>Description</b>			<b>Impact on Operating Budget</b>					
This project is for the construction and replacement phase of passenger boarding bridges (PBB) at gates 2, 3, 4, and 5, and the improvements to PBBs 1 and 6, per the results of the preliminary engineering review (PER) completed in 2016.			<b>Category</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>
			Personnel	\$ -	\$ -	\$ -	\$ -	\$ -
			Operations	-	-	-	-	-
			Capital	1,000,000	4,700,000	500,000	-	-
			<b>Total</b>	<b>\$ 1,000,000</b>	<b>\$ 4,700,000</b>	<b>\$ 500,000</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Justification</b>			<b>Project Schedule</b>		<b>Start</b>	<b>End</b>		
As part of the Airport's due diligence, a Preliminary Engineering Review (PER) was completed to determine the condition of the existing PBBs and provide a detailed analysis, including a life-cycle cost analysis, for either replacing or rehabilitating the existing PBBs at gates 2-5. The PER concluded replacing the older, non-supportable bridges would provide the best long-term value for the airport and provided project replacement design / engineering to approximately 35%. **Aviation**

<b>Project Code</b>	<b>Type</b>	<b>Sub-Type</b>	<b>Project Title</b>
180002	AVIATION - KFHRA		REPLACE EQUIPMENT-TERMINAL BUILDING

**Description**  
 THIS PROJECT IS THE REPLACEMENT OF BAGGAGE MANAGEMENT UNIT (BMU) 1. IT INCLUDES ALL EQUIPMENT AND COMPONENTS OF THE CONVEYOR SYSTEM WHICH DELIVERS CHECKED LUGGAGE FROM THE TICKET COUNTERS, TO THE TSA SCREENING SYSTEM, AND FROM THAT AREA TO A CAROUSEL ACCESSED BY THE AIRLINES.

**Justification**  
 THE EXISTING SYSTEM IS FIFTEEN (15) YEARS OLD AND HAS AN EXTRAORDINARILY HIGH RATE OF FAILURE REQUIRING INCREASING MAINTENANCE EFFORTS AND COSTS TO KEEP THE SYSTEM OPERATIONAL. THE REPLACEMENT SYSTEM WILL DECREASE MAINTENANCE, FIX BAG JAM AND STOPPAGE ISSUES, REDUCE SYSTEM DOWN TIME, DECREASE COSTS, AND INCREASE SYSTEM AND PERSONNEL EFFICIENCY.

**FACILITIES**

Project Code	Type	Sub-Type	Project No.	Project Title				
180040	FACILITIES		2016 i/18.03	Bob Gilmore Senior Center Ph 1 & 2 Renovations				
<b>Description</b>			<b>Impact on Operating Budget</b>					
The Community Development Advisory Committee awarded the Bob Gilmore Senior Center a grant in the amount of \$209,248 in February of 2018 following City Council authorization. The project entails the renovation of the facilities restrooms and entrance. A significant portion of the work will entail addressing accessibility issues at the facility. In April of 2018 the Community Development Advisory Committee voted to recommend \$574,447 for Phase 2 renovations of the Bob Gilmore Senior Center. Phase 2 encompasses the renovation of the facilities covered entrance and kitchen.			<b>Category</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>
			Personnel	\$ 30,000	\$ -	\$ -	\$ -	\$ -

			Capital	766,696	-	-	-	-
			<b>Total</b>	<b>\$ 796,696</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Justification</b>			<b>Project Schedule</b>					
The Bob Gilmore Senior Center has several accessibility issues related to the facilities entrance and restrooms. Phase 1 and 2 will assist in bringing the facility into compliance with ADA standards. Renovations to the facilities entrance will address flooding issues and also provide for the safe drop off and pick up of seniors to the facility. The restrooms are not ADA compliant and cause significant access issues for patrons. The kitchen is no longer suitable to meet the needs of the meal program conducted at the facility. There is also code issues related to the kitchen that will be addressed with the renovation.			<b>Start</b>		<b>End</b>

### Water and Sewer

<b>Project Code</b> 180014	<b>Type</b> PW SEWER	<b>Sub-Type</b> B2-BOND	<b>Project No.</b>	<b>Project Title</b> 18" SEWER GRAVITY MAIN (11S) & (13S)				
<b>Description</b> THE 18" SEWER GRAVITY MAIN DIVERTS SEWER FLOW FROM THE CENTRAL BASIN TO THE TRIMMIE CREEK BASIN BY REPLACING AND UPSIZING EXISTING FORCE MAIN. IT ALSO INCLUDES TWO CITY OWNER AGREEMENTS TO UPSIZE A SEWER MAIN IN PRAIRIE VIEW PHASE 3 AND TO CONSTRUCT A PORTION OF THE YOWELL CREEK GRAVITY SEWER INTERCEPTOR. FINALLY, IT BRINGS GRAVITY SEWER TO TRIMMIE ROAD BETWEEN STAGECOACH AND CHAPARRAL.			<b>Impact on Operating Budget</b>					
			<b>Category</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>
<b>Justification</b> THIS PROJECT WILL RELIEVE EXISTING FORCE MAINS IN THE AREA, AND PROVIDE ADDITIONAL CAPACITY TO THE BASIN. THIS IS PROJECT 11S AND 13S IN THE 2012 W&S MASTER PLAN.			Personnel	\$ -	\$ -	\$ -	\$ -	\$ -

**Water and Sewer**

<b>Project Code</b> 180015	<b>Type</b> PW-Sewer	<b>Sub-Type</b> B2-Bond	<b>Project No.</b>	<b>Project Title</b> Sewer Line Evaluation Survey Ph 5
<b>Description</b> This is the fifth phase of the sewer line SSES, pipeline analysis will evaluate 637,170 ft. of sewer pipe. The analysis locates defects, establishes least cost repair estimates, and prepares a sewer line rehabilitation plan.			<b>Impact on Operating Budget</b>	
<b>Justification</b> This is a planning project to establish priority for construction projects to reduce I&I and more efficiently and safely collect wastewater. It is required by the City's 10 year Sanitary Sewer Overflow Initiative Agreement with the TCEQ.
