*Changes to the Annual Action Plan related to the Substantial Amendment are in **bold** type for each affected section.*

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This substantial amendment is the result of three factors – 1) reprogramming of funds from program year 2019 from an unsuccessful land acquisition project – Monarch Education at Kids University, \$150,000; and 2) additional funding made available by the Coronavirus Aid, Relief, and Economic Security (CARES) Act added flexibilities to the PY2019 and 2020 Community Development Block Grant (CDBG) program to include reduced number of days for public comment, allowance for virtual public hearings and public comment, and uncapping the percentage amount allowed for public services; and, 3) approved HUD waivers allowing for use of PY2017, 2018, and 2019 HOME Program set aside funds for Community Housing Development Organizations (CHDOs) for emergency and temporary housing assistance for individuals and families financially impacted by COVID-19 pandemic.

In mid-winter 2019 the world was afflicted with an unknown virus killing more than 300,000 (311,781) persons across the world with nearly 89,000 (88,754) persons in the United States. The coronavirus or COVID-19 hit the U.S. approximately March 20, 2020 and moved quickly infecting 1,507,773 individuals, killing 91,103 of those persons in just 58 days

<https://www.worldometers.info/coronavirus/worldwide-graphs/> / May 16, 2020). People feared for their lives and the lives of family members. Schools closed leaving children without a way to complete educational studies, businesses began closing their doors leaving workers without a way to earn a living, pay for housing, pay creditors or health care, or to purchase food for basic survival. The U.S. was told to ‘shelter in place’, ‘stay home’ to help prevent spread of the devastating virus.

On March 27, 2020 the CARES Act was signed into Public Law (16-013) creating flexibilities for the Community Development Block Grant (CDBG) program funding for program year 2019 and 2020. The flexibilities included: removing the limit allowed for use in the category of Public Service programs; allowed for citizen participation and public comment to be reduced from the statutory requirement of 30 days to 5 days and allowance for virtual public hearings to allow for immediate actions to protect,

prepare and prevent spread of the Coronavirus. The jurisdiction received an additional allocation of CDBG funding from the U.S. Department of Housing and Urban Development (HUD) known as CDBG-CV, in the amount of \$613,676. Additionally, the CARES Act allowed for the jurisdiction to request waivers for several statutory and regulatory requirements associated with the Home Investment Partnerships Act (HOME) program. The waivers included: reducing the required set aside for CHDOs from 15% to zero percent (0%) for program year PY2017, 2018, 2019, and 2020; reducing requirements associated with unit inspections, income qualification, required lease addendums, and twelve month lease requirements for the Tenant Based Rental Assistance (TBRA) programs, and increased the percentage amount to be used for program administration from 10% to 25% as well as other allowances to respond to housing crisis' of households effected by COVID-19.

1. Prior Introduction

The Annual Action Plan (AAP) is a one-year planning document required from jurisdictions participating in U.S. Department of Housing and Urban Development (HUD) grant programs. The selected 2019-2020 projects are based on survey results from citizens, public service agency and civic organization representatives, local government and city officials, city planning and community development staff. The data collected and received during neighborhood planning meetings, advisory committee meetings and public hearings was combined to develop the Annual Plan ensuring that those projects funded would produce measurable outcomes while simultaneously achieving the City's five year Consolidated Plan.

The Annual Action Plan focuses on the proposed uses of two Federal Entitlement Programs funding resources for the FY2019-2020 planning period: CDBG and HOME Programs. Additionally, the jurisdiction will be using funds from previous years to complete projects proposed in the 5-year Strategic Plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The jurisdiction will reprogram \$150,000 of a CDBG public facilities allocation making those funds available to increase public services to respond to effects of COVID-19 on the Killeen community. Additionally, the jurisdiction will reduce its HOME set aside funds for CHDOs from program years 2017, 2018, and 2019 in the amount of \$172,061.25 to increase available funding for emergency and short-term assistance for tenant based rental assistance to persons financially impacted by COVID-19.

Finally, the jurisdiction will include the \$613,676 of CARES Act funding (CDBG-CV) to its PY2019 expenditures activities and projects in order to immediately respond to protections, preparations, and reduce the spread of COVID-19 in the Killeen community.

With this amendment, the jurisdiction anticipates added expenditures of \$724,108.10 in CDBG and HOME program funding to low- and moderate-income persons and households, incorporating additional levels of assistance under the National Objective of Urgent Need in order to support the necessary response to the Coronavirus pandemic, its impact on the residents, and responsibilities of the City of Killeen by:

Creating a suitable living environment

Sustaining a suitable living environment and decent affordable housing

2. Prior summary of objectives

The City will expend an estimated \$1,425,205.07 in Community Development Block Grant (CDBG) and Home Investment Partnerships Act (HOME) programs for varying levels of low and moderate-income persons and households by:

- Creating a suitable living environment through programs and financial resources that provide assistance and improvement of human performance, motivation, and productivity through providing resource referrals and case management for persons experiencing homelessness, tutoring and mentoring for youth, transportation for the elderly and families who are victims of domestic violence, senior nutrition, and health care programs for low and moderate income persons without health insurance that live within the boudaries of the jurisdiction;
- Administration of the CDBG and HOME Program Activities;
- Sustaining a suitable living environment through enhancements to public facilities and improvements that will be located in the North Killeen Revitalization (arget) Area and will serve extremely low- to moderate-income persons through new construction of the Bob Gilmore Senior Center; expansion by way of new construction of Head Start and Early Head Start facilities; and, a teen center and gymnasium for the Clements Boys & Girls Clubs. Additionally, land acquisition will take place with CDBG funding in the public facilities category with new construction of athletic fields for Monarch Education at Kids University (KU).

- Providing a suitable living environment and decent affordable housing through programs that provide opportunities that assist the most at-risk families who are faced with excessive gaps between housing costs and practical solutions and interventions that are associated with housing needs in connection with the deterioration of existing affordable housing stock owned and occupied by low income families, elderly and/or disabled individuals and families. Proposed programs for the 2019 program year include First Time Homebuyer Assistance with Repairs, rental security deposit program, tenant based rental assistance, rehabilitation of single and multi-family rental housing and re-development of affordable housing in target low income areas of the Killeen community

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

An estimated 3,672 people will have received assistance through Public Service programs - \$140,060.60 of CDBG funds.

Nine (9) first time homebuyers will have been assisted through the HOME funded First Time Homebuyer Assistance Program and rehabilitation actions which ensure the property is in compliance with adopted property maintenance codes and ordinances.

Two (2) homeowners were assisted through the Housing Rehabilitation Program.

Twenty (20) homebuyer education classes provided nearly 300 (299) households with information on the process associated with purchasing a home. Class information was presented in both English and Spanish languages. Approximately 30% of class attendees are of Hispanic origin. Buyers also received direct homebuyer counseling with specific review and discussion of credit worthiness, obligations of owning a home and paying a mortgage. Two (2) post purchase education classes were provided for households assisted under the First Time Homebuyer Program.

Twenty Four (24) households will have received assistance with monthly rental subsidies made available through the jurisdiction's HOME funded Tenant Based Rental Assistance programs. Target populations were elderly persons, age 62 years and older, victims of domestic violence and/or sexual assault, veterans, and other households at-risk of becoming homeless.

Five (5) staff members will have worked over 12,320 hours in efforts to carry out the required planning, implementation, monitoring, and reporting of the city's CDBG and HOME programs throughout the past year. Planning and administration included conducting outreach to low-income persons and households that are eligible to receive assistance through funded activities, neighborhood/community planning meetings to receive input in determining community need, seminars for public and private stakeholders who serve special and target populations in need of housing, employment, child care, medical/health care, mentoring and education tutoring/training, transportation, nutrition, and other services that are

needed within the community, and continued training from HUD and HUD approved technical assistance providers to maintain ongoing compliance with statutory and regulatory requirements associated with the funding. \$244,930.78 of CDBG and HOME program administration funds were used to achieve planning and administration costs over the past year.

The City estimates approximately \$1,317,650.82 of CDBG and HOME program funds will have leveraged more

than \$251,181 in federal, state, and local resources for the Killeen community.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The jurisdiction held one (1) public hearing on April 28, 2020 associated with this AAP amendment and offered citizen participation and comment for a period of 5-days beginning April 23, 2020 and ending at the public hearing on April 27, 2020. The Executive Director of Community Development presented the City Council details of on the CARES Act, the public law enacted March 27, 2020, and the many flexibilities allowed to address the economic conditions now facing our nation. The flexibilities for the CDBG funds describe immediate availability of current year (PY2019) and next year (PY2020) CDBG funding as well as information about the allocation of CARES Act (CDBG-CV) funding allocated to the jurisdiction for specific use in the prevention, preparation, and response to Coronavirus. During this same time the jurisdiction also amended its Citizen Participation plan, to include measures necessary to manage a disaster or catastrophe that would result in immediate response; the use of a HUD authorized reduced comment period associated with the jurisdiction's HUD funding for immediate relief and or response during the event; and, allows for priorities to be established by the Executive Director of Community Development, the City Manager, the Emergency Operations Manager, and citizens during the reduced comment period. The Killeen City Council opened the Public Hearing to receive citizen comment. No oral comments were made; the Public Hearing was closed.

On April 27, 2020, two local non-profit organizations, Clements Boys and Girls Clubs and Hill Country Community Action Association, commented on the PY2019 AAP amendment and the CARES Act funding indicating the need to increased funding to deliver programs for children of mission essential workers (Mission Essential Day Camp) and to provide hot meals or shelf stable meals to vulnerable elderly persons within the community (Meals on Wheels).

No other comments were received. No comments were not accepted.

4. Prior summary of Citizen Participation Process

Two public hearings on the FY2019-2020 Action Plan offered citizen comment for a period of 30-days; June 24, 2019 through July 23, 2019. A June 18, 2019 presentation to the City Council encouraged the public to participate in the review and comment on the proposed action plan stating, "...comments may be submitted through July 23, 2019 and that "comments received would be considered and the summary of changes will be incorporated into the jurisdiction's annual action plan for the fiscal year 2019 (October 1, 2019 – September 30, 2020)". The 30-day comment period concluded without receipt of comments. Information is provided via written correspondence and electronic mail formats, to public service agencies, civic, and faith based organizations. The Citizen Participation Plan describes the process for interested entities to contribute to the development of annual plans to address objectives and goals consistent with the five-year Consolidated Strategic Plan. Residents are afforded the opportunity to meet with City staff and participate by attending neighborhood planning meetings, public hearings, and advisory committee meetings, and submit proposals.

Citizen comments are accepted and considered when funding various project requests. Participation of non-English speaking citizens is accomplished with publication in Spanish language, of all public notices and hearings, informational manuals, and guides on the CDBG and HOME Programs. Bilingual staff is available to translate program information on an individual basis and translators for other languages are available upon citizen's request.

Two community-planning meetings were held at the City of Killeen Human Resources building located at 718 N. 2nd Street, downtown Killeen, on February 6 and 21, 2019 by the Community Development Advisory Committee (CDAC), with presentations to attendees by the Community Development Staff. The planning meetings introduced the City's federal grant programs and funding resources for the fiscal year 2019 to attendees, as well as solicited community input on housing and community development needs through a survey conducted with each separate group attending the meetings. During these annual planning meetings, the jurisdiction introduced a new polling platform to collect participant responses in prioritizing community needs for programs, services, housing, homelessness, facility and special needs of the community. Participants individually voted on activities from five categories – eligible for funding by both CDBG and HOME. Through those planning meetings, citizens, service providers, community leaders, and other interested parties were asked to elaborate their specific priority community needs which are displayed in the attached Community Planning Meeting Results document.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The jurisdiction received two comments from local non-profit organizations as identified above. Both comments identified an urgent need for support in delivering programs for low-moderate-income Summary as listed above.

The city did not receive public comments on this action plan, proposed projects, or substantial amendment to the FY2018-19 program funds.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments were not accepted on the PY2019 Annual Action Plan Amendment.

No comments were not accepted.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

This substantial amendment adds CARES Act funding to the jurisdiction’s program year 2019 CDBG funding for the 5th year of the 5-Year Consolidated Strategic Plan (CSP) previously approved by HUD. The funds are added due to the impact of the Coronavirus on the nation and more so on the Killeen community.

The City of Killeen Community Development Department FY2019-2020 Annual Action Plan is the fourth plan year in the 5-year 2015-2019 Consolidated Strategic Plan (CSP) previously approved by HUD. Department staff, including staff from other City departments, prepare the information relative to overall housing and community development within and affecting the jurisdiction. Additionally, consultation with other local public and private entities aid in providing information on community needs. Combined, the participant comments and information gathered compliment the strategies identified and actions necessary in meeting goals and objectives in the CSP.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In preparing this substantial amendment to the FY2019-2020 AAP the jurisdiction polled its Subrecipients, local area non-profits and the Killeen office of the Bell County Human Services-HELP Center to understand how each entity was conducting business with clients during the pre-pandemic days (prior to declarations of disaster due to the Coronavirus) through the first 2 weeks of March 2020 when the disaster declarations by both the U.S. President and the Texas Governor (March 13, 2020) were made and then again on April 6, 2020. Many non-profit organizations and other local human service providers reduced hours and direct contact with clients reverting to telephone and web based communications with both staff and clients - existing and new.

Those consultations included: Central Texas 4C, Inc. - Head Start/Early Head Start programs in Killeen; Clements Boys and Girls Clubs; Bring Everyone in the Zone; Communities in Schools of Greater Central Texas; Families in Crisis, Inc.; Greater Killeen Free Clinic; Heritage House of Central Texas; Hill Country Community Action Association; Central Texas Council of Governments Housing Assistance Program (Housing Choice Voucher, VASH Voucher Administrator, Area Aging on Aging program administrator).

In preparing the 2019-2020 Annual Action Plan, the jurisdiction held two (2) Community Planning Meetings and invited the public, along with more than 166 local religious entities, civic and non-profit organizations, specialized boards and commissions related to housing and human services, economic development, homelessness, special needs of non-homeless persons, veterans, historic preservation, financial and lending institutions, transportation, health and representatives of Fort Hood. The meetings were held on February 6 and 21, 2019 at 6:00 pm at the City of Killeen Human Resources community room in downtown Killeen. The meetings provided information on the program and eligible activities for both CDBG and HOME as well as incorporated discussion on priority community needs. The polling platform was used to collect participant responses in prioritizing community needs for programs, services, housing, homelessness, facility and special needs of the community. Participants individually voted on activities from five categories eligible for funding by both CDBG and HOME. The community needs were prioritized into three (3) categories - High, Low and No/None. Results of the two meetings are attached in the Appendix titled: Voice Your Choice Killeen-Results of Feb. 6 and 21, 2018 Community Planning Meetings.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Killeen is not a recipient of Emergency Solutions Grant (ESG) funding and does not belong to a Continuum of Care (CoC) other than that of the Balance of State (BoS). Information contained in this report was obtained from the Texas Homeless Network (THN) and the Central Texas Homeless Alliance (CTHA). The CTHA took over as the lead entity in coordinating the annual "point-in-time" (PIT) homeless count, in Killeen and Bell County, with combined efforts among other member agencies of the CTHA. The City continues to use its CDBG and HOME program funding to assist entities serving persons and families, including those with children, who are experiencing homelessness and persons who are at-risk of becoming homeless. Such activities include salary assistance for case manager/resource manager positions and tenant based rental assistance for priority subpopulations (i.e. veterans, victims of domestic violence, elderly). Coordination continues with the local homeless shelter operated by, non-profit owner, Families In Crisis; the shelter is known as Friends in Crisis. The program provides overnight shelter to homeless men, women, and families, overall assessment of housing and personal needs, 2 meals- dinner and breakfast along with showers, laundry, acute medical care, and referral to various agencies for additional support services available to persons who choose to shelter at the facility.Â

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

There are no Continuum(s) of Care that specifically serve the jurisdiction's area since the human service agencies are applying for Continuum of Care funding through the Balance of State (BOS). The jurisdiction communicates individually with those entities providing human services and particularly services to persons experiencing homelessness and persons at-risk of homelessness. Entities from the Central Texas Homeless Alliance continue to seek funding for costs associated with operating the HMIS (homeless management information systems). Although the HMIS provides for shared information among the participating entities, ensuring a holistic approach in addressing homelessness, the 'end user' cost to the agencies is not always fully funded when budgeted, unless specific funds received by the entities dictate the requirement for its use. This obviously can reduce the effectiveness of coordinated entry/access to available programs and services for individuals and families in need of available human service programs.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Central Texas 4C, Inc. is a local non-profit organization that is a direct grantee for Head Start and Early Head Start programs [as of July 2015]. Central Texas 4C provides Head Start and early Head Start education services through 5 centers in Killeen. Head Start programs provide children and their parents with learning and age ability assessments to ensure the child has no learning disabilities and is prepared for school. Head Start programs also offer parents an opportunity to be involved in the child's learning process and interaction among other parents in a social environment. Agency participated in community planning sessions.
12	Agency/Group/Organization	Fort Hood Area Habitat for Humanity, Inc.
	Agency/Group/Organization Type	Housing

DRAFT

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Needs - Veterans Community Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Fort Hood Area Habitat for Humanity (FHAHFH) serves the tri-county area of Bell, Coryell, and Lampasas Counties in Central Texas. Habitat provides housing opportunities to low-income families who are unable to obtain a private mortgage through traditional means. Habitat requires "sweat equity" of all of its participant households in working on their own home or homes of other habitat families. Guided by Christian principles of caring for one another "partnership housing" was born out of answering the need for adequate shelter, simple - but decent homes built by working side by side with volunteers with the same conviction. Habitat homes are built with no profit and no interest with repayments used to build future homes for families in need. Habitat has also targeted homeless veterans and is providing ownership housing for low-income homeless veterans. FHAHFH bridges the gap of homeownership for families that are unable to obtain a traditional mortgage loan. Agency participated in the community planning sessions.

Continuum of Care	Texas Homeless Network	Texas Homeless Network is the lead agency in the Balance of State (BOS) providing technical assistance and training across the state and is the collaborative applicant for the Balance of State Continuum of Care that covers 216 counties - the Central Texas Homeless Alliance is a member of the BOS. The Consolidated Plan relies on resources and data from THN to address homeless prevention needs in the Killeen community.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Because the federal government discourages duplication of services by entities and to participants through different entities, it would be most advantageous for all grantees, whether direct entitlement or through competitive grants from the State or other federal departments, to be required to enter data into one data base that would contain information similar to that of the HMIS. This 'one system' would be able to identify the actual number of individuals and families, that are true need of assistance and where funding could be focused to those populations in an effort to resolve their obstacles for the continue need of federal assistance and those that are defrauding the systems by hitting every funded entity for monetary payments of basic needs in exchange to support their lifestyle of upside down priorities.

The jurisdiction strives to consult with a variety of entities when seeking out and identifying community needs & resources to address the needs identified and develop new partners within the community - to serve the community.

Upon receipt of the April 2, 2020 letter from John Gibbs, Acting Assistant Secretary for Community Planning and Development U.S. Department of Housing and Community Development the jurisdiction was notified of a special allocation of CDBG-CV funds to prevent, prepare for and respond to growing effects of the public health crisis from the Coronavirus (COVID-19).

The jurisdiction took immediate measures to protect citizens of Killeen by proposing an amendment to its current Citizen Participation Plan (CPP) and its current program year 2019 (FY2019-2020) HUD funding to increase the public services funding for entities providing urgent assistance to individuals and families directly impacted by the Coronavirus.

During the citizen participation process, two local non-profit agencies commented the need for additional funding resources to help the community through the 'shelter in place' order and 'mission essential workers'. No additional comments were received during the Public Hearing held on April 28, 2020 during the 'live' meeting with the Killeen City Council. No comments were not accepted.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) added federal Community Development Block Grant (CDBG-CV) funds after enactment of Public Law 116-136. The jurisdiction will receive an allocation of CARES Act in the amount of \$613, 676.00 to be used to prevent, prepare for and respond to coronavirus (COVID-19) in the Killeen community. Further, the jurisdiction will reprogram \$150,000.00 of previously allocated CDBG funds under the category of 'land acquisition' in order to expedite funding for increased public services to vulnerable populations and to assist those individuals and families financially impacted by COVID-19. The jurisdiction will also reprogram HOME funds under the required set aside funding for Community Housing Development Organizations (CHDOs) from program years 2017, 2018, and 2019 to be used in conjunction with HUD granted suspensions and waivers to facilitate emergency and short-term Tenant Based Rental Assistance in response to COVID-19 pandemic. The jurisdiction does not anticipate program income from any activity funded under the CARES Act funding (CDBG-CV); the reprogrammed PY2019 CDBG funding; or, the reprogrammed PY2018, 2018, and 2019 HOME program funding.

The CDBG-CV funds are added to the entitlement amount of PY2019 CDBG funds (\$613,676.00 (CDBG-CV) plus \$944,218.00 (CDBG PY19 EN) for a new anticipated expenditure total of \$1,557,894.00. The reprogrammed HOME CHDO set aside funds from PY2017 and PY2018 are added to the anticipated HOME expenditures in the category of 'Prior Year Resources' in the amount of \$110,433.00, reflecting only those two identified years since the PY2019 HOME funds of \$410,861.00 already includes the PY2019 HOME CHDO set aside amount of \$61,629.15. Combined, the three years of reprogrammed CHDO set aside funding equals \$172,061.25 (PY17 \$44,630.40, PY18 \$65,801.70, PY19 \$61,629.15). Total anticipated HOME program expenditures for program year 2019 is revised to \$571,115.00.

The City of Killeen, as an entitlement community, has anticipated funding from the Community Development Block Grant (CDBG) and Home Investment Partnerships Act (HOME) program. The City estimates continued receipt of funding under these Community Planning and Development (CPD) formula grants however, the entitlement amounts continue to vary from year to year since the initial 5-year Consolidated Plan was presented in August 2015 for the FY 2015.

For the program year (PY) 2019, both CDBG and HOME estimates include program income as well as reprogrammed funds from completed projects. CDBG continues to receive payments from housing rehab loans established for a maximum term of 36 months and a few prior code enforcement mowing

liens.

The program income is from housing rehab loans under a fully amortized loan schedule previously assisted with CDBG. Three loans will complete their obligation period during the coming 2019 program year. The jurisdiction discontinued placing amortized paymet loan/liens on property assisted under the CDBG funded owner occupied housing rehab beginning in program year 2017 and now only places a 5-year forgivable lien. These actions reduce the amount of program income the jurisdiction will receive in the future. The jurisdiction's HOME program continues to receive predictable timely payments for loans provided for affordable rental housing development that was paired with housing tax credits in the amount of \$49,821 annually - these activities have more significant years remaining on their amortization schedules as follows: one loan having 8 of 20 years remaining @ \$24,421.68 annually and another with 19 of 25 years @ \$25,400.05 annually.

During the 2019 program year, the City anticipates the use of \$9,114.08 of PY2017 completed projects- these funds are included in the 'Prior Year Resources'; and also include CDBG program income from PY2018 totaling \$4,236.00. HOME program anticipates the use of PY2019 anticipated program income in the amount of \$49,821.73 from the housing loans. The jurisdiction will use 10% of its 2018 HOME program income, \$4,982.17 to supplement the 10% maximum for HOME Administration/Planning for the program year 2019 HOME program.

The City will continue to move forward with expenditure of funding for previously approved programs from prior years including: CDBG programs - 2016 Bob Gilmore Senior Center Rennovations; 2017 and 2018 CDBG - Killeen Community Development Housing Rehabilitation Program, 2018 Bob Gilmore Senior Center-Renovations II, as well as PY2016 HOME - Tenant Based Rental Assistance, and 2017 and 2018 First Time Homebuyer Assistance Program with Repairs (rehab).

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The use of the jurisdiction's federal CDBG and HOME funds leverage other state, local, and private funds as identified in each applicant proposal request for funding. Estimated funds in the amount of \$854,285.00 will be leveraged and combined with the FY2019 allocations for both CDBG and HOME programs. Of that, Public Service programs will leverage an estimated \$140,992 of federal, state and local -public and private funds, an estimated \$742,300 will be leverage from federal and local funds for public facility improvements-nonprofit owned; and an estimated \$49,300 will be leveraged from state and local public and private funds for use with the jurisdiction's HOME program funding to complete proposed project.

The Bob Gilmore Senior Center Renovations Project FY2016=\$209,248.00; FY2018=\$574,447.05 of CDBG funds went through a substantial amendment whereby the funding proposed for rehab/renovations will now be used for new construction of a facility on a different location but on the same property site. Additionally, FY2018=\$100,000 of HOME funding for First Time Homebuyer Assistance Program with Repairs (rehab) went through a substantial amendment whereby the funding proposed included acquisition assistance and rehab to meet local property maintenance code requirements to just rehabilitation actions only.

The HOME program has a statutory requirement to provide 25% matching funds for every HOME dollar drawn from the Treasury. The jurisdiction has received a Match Reduction of 50% of the required mandate for FY2019 cycle. The jurisdiction will count contributions from the proposed activities and the jurisdiction's "rolling" balance from previous years of excess match contributions to meet this requirement.

DRAFT

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City does not anticipate addressing identified needs with publicly owned land or property located with the city limits.

Discussion

The jurisdiction encourages applicants, for its annual HUD funds, to seek additional resources to pair with CDBG or HOME funds in order to complete their programs and projects. This approach allows for additional community engagement and further participation in addressing community need resulting in a greater ratio of leveraging of resources outside of the HUD funds.

Encouragement and guidance is provided to all interested entities in making application for CDBG and HOME funds, particularly affordable housing providers for consideration as a Community Housing Development Organizations (CHDOs). Through HUD CPD Notice 18-10 all deobligation of CHDO funds were suspended for required commitment deadlines occurring in 2016, 2017, 2018, 2019, and 2020. [These are HUD identified years which begin Oct. 1, 2016 and end Sep. 30, 2021]. The Appropriation Acts suspended the 24-month commitment requirement for deadlines occurring in 2016, 2017, 2018, 2019, and 2020. the jurisdiction will enter the PY2019 with \$202,384.35 of CHDO funding eligible for allocation to: 1) an eligible entity, and 2) an eligible activity. The jurisdiction will promote these funds and who and how to apply in the coming 6 months.

The FY 2014 and earlier HOME allocations remain subject to the procedures and expenditure requirements described at § 92.500(d)(2)(i)(C); the jurisdiction is at risk of deobligation of an estimated \$2,284 at the end of the FY2018 program year (*October 2019*).

1	Goal Name	Rehabilitation of Existing Units - DH1; DH2;
----------	------------------	--

DRAFT

<p>Goal Description</p>	<p>Housing rehabilitation action undertaken during FY2019 will serve low-income owner households of single-unit residential structures preserving affordability, and maintain existing housing stock; reducing/removing lead paint hazards, and sustaining the independence of occupants through appropriate architectural barrier removal. Eligible structures will exist within the corporate city limits of the jurisdiction.</p> <p>Multifamily unit rehabilitation is also proposed for this program year under a new program titled North Killeen Housing Redevelopment Program (NKHRD) program. The NKHRD will focus on the aging and deteriorating units in the North Killeen Target Area whereby HOME funds will be used for construction related costs associated with reconstruction of affordable housing units targeting deteriorating units located within the boundaries of the City's designated North Killeen Revitalization Program area. The program will redevelop existing deteriorating single family owner occupied and single family rental housing units and develop new housing units on vacant properties where housing once was present. Area research will identify individual properties and owners, introducing program opportunities for funding redevelopment and new development of housing units; the HOME required affordability period is based on the type (ownership/rental) of housing and the amount of HOME funds used on individual project sites. Rental units provide low income households with affordable rent housing; Owner units ensure low income households have decent, safe and affordable housing.</p> <p>Instances that will render a project site (dwelling structure) ineligible include such a location or circumstance: determined by the Texas Historical Commission, to have historic significance requiring prescribed construction methods for the rehabilitation; is within a designated zone subject to flood hazards; is contaminated with toxic and/or radioactive materials; is within an unacceptable distance from known explosive or flammable operations; is in a military airfield operation or civilian airport runway clear zone, runway protection zone, or accident potential zone (CZ-APZ or RCZ/RPZ); or, is in a noise zone area with unacceptable noise levels.</p> <p>\$100,00.00 CDBG – (4 units proposed) Killeen Community Development Housing Rehabilitation Program will assist low-income owner occupants with urgent and minor repairs (rehabilitation) to their primary residence. CDBG funded Housing Rehabilitation program includes program delivery costs.</p> <p>\$129,785.31 HOME – (5 units proposed) North Killeen Housing Redevelopment program will rehab and reconstruct affordable owner and rental housing in the North Killeen Revitalization Area/North Killeen Target Area.</p> <p>Additionally, the Killeen First Time Homebuyer Assistance Program w/Repairs (rehab) will assist low-income owners occupants who have been assisted into homeownership through reprogrammed PY2018 funding-\$100,000-6 units. The rehab will be for only those households assisted through the City's first time homebuyer assistance program - the funds and household data will be tracked under the Acquisition Assistance-Homebuyers goal; proposed 4 units. 50</p>
--------------------------------	--

3	Goal Name	Rental Assistance (tenant based) DH2
	Goal Description	<p>Rental assistance (subsidy) including security deposits through tenant based rental assistance and security deposit programs assist special needs populations within the jurisdiction.</p> <p>Households participating in the tenant based rental assistance program (rental assistance including security deposit and first month rent) must have annual income considered as very low or not to exceed 50% of the area median income when first assisted. Monthly subsidy is based on the authorized unit for the number of persons in the household (by bedrooms) at the Fair Market Rent, a rate determined annually by HUD. Additional security deposit and first month rent are eligible in amounts not to exceed 2 times (2x) the chargeable monthly rent for the authorized unit size, and the first month rent beginning the date of move in to the end of that month - this program will be administered by Families In Crisis.</p> <p>The security deposit program, a standalone program for eligible households earning 80% or less of the AMI who have adequate sources of income available to pay for rental units, will be administered by Bring Everyone In The Zone. Each entity counsels clients through budgeting and financial management and works with clients who can afford to pay ongoing monthly rental housing expenses, at the fair market rent rate, without additional government subsidy. The security deposit program will follow rules associated with HOME subsidized tenant based rental assistance programs where lease provisions, housing quality standards, occupancy based on number of persons in the household, and minimum 12 month lease terms will apply. Security deposit amounts are limited to 2 times the chargeable rent or the amount charged by the landlord, whichever is less.</p> <p>Together, the 2 entities will help extremely low to low-income households into affordable rental units within the jurisdiction.</p> <p>\$100,000 HOME - (27 units proposed) Families In Crisis will administer the tenant based rental assistance program to very low-income target populations within the Grantee Boundaries; HOME TBRA is not portable outside the jurisdiction.</p> <p>\$23,200 HOME - (16 units proposed) Rental Security Deposit Program through Bring Everyone in the Zone will administer the security deposit [only] program to low-income households within the Grantee Boundaries; HOME Rental Security Deposits are not available outside the jurisdiction.</p>

Projects

AP-35 Projects – 91.220(d)

Introduction

The additional projects funded for this PY2019 Substantial Amendment include CDBG activities to include Public Safety, increased Public Services utilizing the allowed increase from the previous 15% cap allowed, and short-term emergency housing through Tenant Based Rental Assistance under the HOME program.

The projects funded for the FY2019 (2019-2020) fiscal year derive from applications received from eligible entities for the jurisdiction's priority housing and community development needs as identified in the community planning meetings and in accordance with the citizen participation process.

Funding requests for CDBG housing, public facilities/improvements and public infrastructure and improvement activities totaled \$2,314,400 - 370% in excess of the available amount of \$627,091.78. The Advisory Committee, with approval from the Killeen City Council, proportionally divided the available funds between the eligible applications for housing and public facilities and improvements - both publically owned and nonprofit owned. Requests for CDBG funded public service/programs totaled \$185,127.93 - 77% in excess of the available \$1,141,632.70; 7 eligible applications were received for eligible public services/programs activities.

Funding requests for HOME program housing projects totaled \$552,991.40 - 57% in excess of the available \$352,985.31; The Advisory Committee proportionally divided the available funds between 4 eligible applications for housing activities.

The jurisdiction will set aside 15% of the total annual HOME grant in the amount of \$61,629.15 for future eligible Community Housing Development Organization (CHDO) activities. Although the jurisdiction continues to seek experienced Community Housing Development Organizations (CHDO), the jurisdiction does not currently recognize any particular entity as an eligible CHDO for this plan year.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Community Development Advisory Committee (CDAC) recommended, with final approval from the Killeen City Council, allocated funds to entities and projects that were consistent with the jurisdiction's 5-year Consolidated Strategic Plan as well as from the results of the annual Community Planning Meetings. Both public service funding and public facilities and improvements funding were the most sought after subsidy by City Departments and local non-profit organizations. Often the CDAC must make critical decisions when reducing the amount of funding requests which generally result in a lesser number of persons assisted or funding for facility improvements from what was initially proposed in the application request. Although this methodology has the appearance of being equitable, this more often causes adversity for the project and places an undue hardship on the agency to quickly find funding to meet the gap now created by the allocation, which was initially the reason for the request of the CDBG

or HOME program funds.

It is clear that additional funding is needed for the applicants to meet their intended service numbers, and for additional funds to produce a public facility proposed to meet the community's priority needs as identified in the planning meetings and in the jurisdiction's 5-year strategic plan. Additional priority community needs will continue to go unserved until such time a qualified applicant submits an eligible application and an adequate amount of funding is available to fulfill the requests.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Killeen and its subrecipients will undertake activities in both the local target area and jurisdiction wide. The local target area - North Killeen Local Target Area (Large and Small) is identified in the jurisdictions 2015-2019 Consolidated Plan.

Other than public infrastructure and improvements, and public facilities and improvements publicly owned or non-profit owned activities - remaining activities and projects will be delivered city wide to eligible low-income persons and households.

The North Killeen Local Target Area encompasses census tracts 226, 228.01, 229, and 235 in their entirety; 2 partial census tracts are included in the local target area, which are 230 and 222. One other census tract is included due to the number and concentration of low-income households - 231.04. Each of these census tracts have above average (greater than 51%) concentrations of low-income households, aging infrastructure, deteriorating residential dwelling units or units in need of rehabilitation to maintain their standard housing status. The local target area also contains a smaller area within the large area where housing stock construction pre-dates 1950 and infrastructure is also aging and in need of upgrades and or replacements. Low income is defined by HUD as a household having gross annual income, as adjusted by household size, equal to or less than 80% of the area median income. The metropolitan statistical area (msa) governing the jurisdiction's geographic area is the Killeen-Temple, TX MSA. A low-income target area is an area consisting of US Census Tracts and Block Groups where 51% or more low-income persons reside. Each of the census tracts in the North Killeen Local Target Area meet the definition of a low-income census tract [having 51% or more of the population within the tract having income at or below 80% of the area median income]. Three partial census tracts are included in the North Killeen Target Area that, according to HUD CPD Map data, do not meet the definition of a low-income census tract however, these census tracts contain poverty level households within those tracts with an average of 34.93% experiencing housing cost burden.

For Program Year 2019- 65% (\$627,091.78) of the jurisdiction's CDBG funding and 28% (\$217,915.05) of the jurisdiction's HOME funding will be directed to the North Killeen Target Area. CDBG funding will be used for new construction with the Clements Boys and Girls Club for a gymnasium and teen center; Central Texas 4C-Head Start for expansion (new construction of a building on leased property) providing for early education opportunities to poverty level income households with children age 0-6 years; Sidewalk Reconstruction along low-income residential streets in the [large] target area and the Bob Gilmore Senior Center will be new construction of a center to serve Killeen's seniors (age 62+), and the North Killeen Housing Redevelopment program (HOME). The location of the senior center is such that it is located in the older North side of Killeen in Census Tract 223/Block Group 1 with an 83.9% population of low-income persons which are 39% minority populations.

Geographic Distribution

Target Area	Percentage of Funds
Grantee Boundaries	38
North Killeen Target Area	62

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The Consolidated Plan indicates that the jurisdiction will consider projects and activities that are within the local target area - North Killeen Target Area - specifically but also to include those particular census tracts where 51% or more to the population is low-income. The jurisdiction received four applications for funding that are within the North Killeen Target Area- Killeen Community Development - North Killeen Housing Redevelopment program, and 3 new construction projects tha include the Killeen Community Services - Bob Gilmore Senior Center project; Central Texas 4C, Inc. Head start Expansion Killeen Avenue C; and Clements Boys and Girls Clubs North Killeen Teen Center and Gymnasium. The bulk of the remaining funds is not allocated specifically to a "target area" but is allocated to programs and services that serve low-income persons within the "Grantee Boundaries".

Allocating ivestments to target areas aids in the revitalization of lower income areas that are aging and have deteriorating housing stock and fewer amenities than those areas with above average median annual income.

Discussion

Although the jurisdiction identifies two geographic target areas to focus expenditures, the Killeen CDBG and HOME programs are not specifically limited to those areas since the jurisdiction has several pockets of the community that contain low-income households. Low-income households access programs and services that are provided by area entities, like Greater Killeen Free Clinic, Families In Crisis, and other agencies or programs that have received an allocation of either CDBG or HOME program funds. Likewise, the Killeen Community Development Housing Rehabilitation Program assists low-income households across the grantee's boundaries and not in the specific target area(s). The HOME Program-First Time Homebuyer Assistance Program provides low-income households assistance for purchasing a home within the grantee's boundaries, without directing assistance to any particular area within the jurisdiction as well as the FIC-TBRA, Bring Everyone in the Zone, and Heritage House of Central Texas security deposit programs.

CDBG funds will be used in primarily low income areas of Killeen with 3 projects in the North Killeen target area and one in another low-income census tract. The proposed projects in the North Killeen

target area are: Bob Gilmore Senior Center; Head Start Expansion Killeen -Avenue C; and North Killeen Clements Boys ad Girls Clubs Teen Center and Gymnasium.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

This Annual Action Plan Amendment associated with CARES Act proposes the addition of the following to the one year goals for the number of persons expected to be assisted and benefit from affordable housing efforts. HOME funded Tenant Based Rental Assistance anticipates the addition of 31 households for short-term emergency assistance beginning April 1, 2020 through December 31, 2020.

Additional funding for COVID-19 short-term emergency tenant based rental assistance will be administered by the City of Killeen Community Development Department.

Through the use of CDBG and HOME program funds for the Program Year 2019 (2019-2020), the jurisdiction estimates the following one year goals for the number of persons expected to be assisted and or benefit from its affordable housing efforts. All affordable housing programs accept applications on a continuous basis until allocated funds are exhausted. It is estimated that 4 households will be assisted through the (CDBG) Housing Rehabilitation Program with 2 those households having special needs; and (HOME)First Time Homebuyer Assistance Program with Repairs (rehabilitation) will assist 6 non-homeless households (6 acquisition with that same 6 receiving housing rehab assistance for 6 total Entered seperately in the IDIS reporting system). The (HOME) Tenant Based Rental Assistance program and on additional Security Deposit program anticipates assisting 27 households who are at-risk of homelessness with domestic violence victims having priority in this portion of affordable housing efforts. Prior year (PY2018) HOME funded TBRA will continue to assist 9 non-homeless households while potentially adding households to reach the anticipated goal for PY2018; and, prior year (PY2018) HOME funded Security Deposit programs will seek to assist target households for their respective programs.

Discussion

(Rehab of Existing Units) Killeen Housing Rehabilitation Program - The jurisdiction will provide rehabilitation actions to single family housing units owned and occupied by low-income households within the jurisdiction. The jurisdiction estimates the racial and ethnicity of participant households as follows: 33% Black, non-Hispanic; 33% White with 33% of those Hispanic. Additionally, 1% are estimated to be from other racial groups. It is estimated that 12 household anticipated to be assisted will have special needs. The North Killeen Housing Redevelopment Program - The jurisdiction anticipates providing rehabilitation/reconstruction actions to single and multi-family housing units in the North Killeen Revitalization Area. Participating units will be owned by homeowners and/or owned by landlord owners who seek to preserve the existing affordable housing stock; reduce/remove lead paint hazards, and/or reconstruct new housing where deteriorated housing once existed. The jurisdiction estimates the racial and ethnic composition of participant households as follows: 67% Black, non-Hispanic; 32% White, non-Hispanic. Additionally, an estimated 1% is estimated to be from other racial groups.

(Acquisition Assistance of Existing Units) First Time Homebuyer Assistance Program (HAP)with Repairs (Rehabilitation) - The jurisdiction reasonably expects to provide 6 eligible households with down payment and closing cost assistance, up to \$7,500, to first time homebuyers purchasing within the corporate city limits of Killeen from prior program year funding with the same number reporting (6) being assisted with HAP Rehabilitation under the PY2019 funding. Additional rehabilitation actions to the assisted unit will ensure the property is compliant with adopted local codes; all units must meet the uniform property condition standards (UPCS) prior to purchase; rehab actions will ensure the CD Rehab

Standards are met as well. The jurisdiction estimates the racial and ethnic composition as follows: 49% Black of those- 5% Hispanic; 31% White with 15% of those Hispanic, and 20% considered at Other Multi-racial with 100% of those having Hispanic/Latino origin.

Proposed rental assistance programs for PY2019 will be undertaken by Families in Crisis TBRA, proposing assistance to 27 households and Bring Everyone in the Zone Client Security Deposit Program (TBRA-SD) proposing 16 households. Previously funded (Rental Assistance) Tenant Based Rental Assistance (TBRA) and Client Security Deposit Programs (TBRA SD) will continue to provide monthly rental assistance (subsidies) to low-income households within the jurisdiction. The jurisdiction estimates the racial and ethnic composition of participant households for PY2019 as follows: 50% Black, non-Hispanic; 30% White with 30% of those Hispanic; and 10% Other Multi-Racial with 50% of those Hispanic. A majority of the participants will be large households of 4 or more persons that will occupy units containing 2 or more bedrooms. The one year goal projections do not reflect the previously funded TBRA programs since continued funding to currently assisted households is ongoing through lease expirations and prior year funding is not fully obligated to the extent of the fund commitment agreements.

AP-60 Public Housing – 91.220(h)

Introduction

The City continues to support Killeen Housing Authority (KHA) initiatives to promote the benefits and positive aspects of public housing by continuing to:

- Support residents' participation in development of public housing authority (PHA) Plans.
- Support the replacement of public housing and the feasible rehabilitation of existing units.
- Provide resources, as available, to subsidize the PHA's available maintenance and modernization funds.
- Support the PHA's initiatives to guarantee safe, suitable, and affordable housing.
- Support the PHA's initiatives in completing the requirements for the Rental Assistance Demonstration (RAD) program Housing Assistance Program (CHAP) award in the conversion of Moss Rose and High View public housing units to project based vouchers.

Actions planned during the next year to address the needs to public housing

Public housing residents will be encouraged to participate in the jurisdiction's first time homebuyer assistance program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

At present, public housing residents remain involved in the activities and programs offered and provided by the Housing Authority. Public housing residents are involved in the RAD-CHAP award and continue to work closely with the HA staff during the conversion process. The status of the second half of the Housing Authority transfer of units to RAD is under consideration for 4% housing tax credits and rehab of the existing structures. Upon investment the construction is likely to begin within 6-9 months and being completed in approximately 15-18 months. Units at the converted/reconstructed Hyde Estates is complete with lease-up finishes as well.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Killeen Housing Authority remains a designated "High Performer" by HUD. The jurisdiction will continue to provide technical, financial, or other assistance as necessary to help the PHA improve its

operations and to help maintain its distinguished designation.

Discussion

Although considered small, the Housing Authority of Killeen takes great strides in meeting the needs of its public housing residents by providing access and opportunity to programs and services within the jurisdiction. Most recently the PHA scheduled an event in honor of National Night Out providing options for community gathering, mingling, grilled hot dogs with chips and drinks, family games, and a "getting to know your community" quiz.

The PHA expects to continue community events after the total RAD conversions of High View and Moss Rose/Hyde Estates is complete.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

City staff continues to work with interested entities in planning and developing programs and facilities that would serve homeless persons transitioning to permanent housing. The interchanges would likely result in activities eligible for future City CDBG and/or HOME funds as well as other federal, state, public or private funds.

Both CDBG funded Families in Crisis-Homeless Shelter Case Manager and Heritage House of Central Texas-Empowerment programs provide services to persons experiencing homelessness in the Killeen community.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The jurisdiction continues to work with Heritage House of Central Texas in providing funding for a client advisor for homeless persons and families: Families In Crisis continues to provide overnight shelter to homeless persons in Killeen. The City will continue to work with the Central Texas Homeless Alliance (CTHA) in the annual point-in-time count. Additionally, as opportunities arise, the jurisdiction will provide support through letters of consistency, technical guidance, and monetary allocations as funding permits.

Specific advertising of services is generally not necessary since agencies within the jurisdiction, county, and state provide referrals among each other. The State of Texas 211 Assistance program also provides individuals with information on services and programs that are within the [caller's] proximity or location.

Addressing the emergency shelter and transitional housing needs of homeless persons

DRAFT

Families In Crisis continues to operate the Friends In Crisis homeless shelter. The shelter has the ability to provide 70+ beds for overnight shelter to homeless individuals and families. Families In Crisis also is a direct referral agency for the Veterans Assistance Supportive Housing (VASH) voucher program and rapid re-housing assistance. Persons who have income and are able to maintain housing are assisted through the tenant based rental assistance program. Other homeless individuals and families may choose to participate in the Empowerment Program offered by Heritage House of Central Texas.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City continues to provide funding for programs, services, and options for housing homeless individuals with both of its HUD formula grants, as eligible; this in itself is not an easy task. Prevention of homelessness requires a full and comprehensive individualized assessment along with a program of extensive supportive services. What simple tasks you and I easily perform, many individuals cannot comprehend without serious thought. Simple planning tasks such as cooking or budgeting expenses between pay periods coupled with use/abuse of alcohol or drugs, mental illness, or physical or developmental disabilities increase the potential for the return to homelessness. Continued support services, with extended or longer term case management is generally required to achieve successful integration and self-sufficiency. The jurisdiction and area nonprofit organizations lack necessary funding at all levels, to include required matching funds from other federal, state, or local resources. In time the persons served return to being at-risk of losing their home or experiencing homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services,

employment, education, or youth needs.

The jurisdiction will continue to use its HUD formula grants to provide housing and support services to help low and extremely-low income households from becoming homeless including assistance to those persons being discharged from publicly funded institutions, and those persons receiving public health, social services, employment, education, or youth needs through coordination with those entities providing such services within the community, and to new entities seeking to provide such services. Eligible services may be funded through the CDBG program and those services incorporating housing needs that can be addressed through either the CDBG and/or HOME programs.

Discussion

Resources continue to decrease from local public or private contributors leaving only those 'seasoned' entities that have tapped into the use of federal programs to provide ongoing housing and supportive services to persons experiencing homelessness or who are at-risk of becoming homeless. Many of the smaller entities do not have the capacity or do not wish to engage in the use of federal funds due to the perceived complications or restrictions associated.

The jurisdiction will continue to provide group and individual technical assistance to entities providing services and programs to individuals and families with special needs or who are homeless/at-risk of becoming homeless.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Barriers to affordable housing and the development of affordable housing include such things as regulation, policy, or customary practices that are deliberate in nature and prohibit or discourage the development or increased access to affordable housing by the community. These barriers are generally placed without direct relationship to public, health, or safety concerns. Barriers most commonly identified include unjustified property tax increases, strict zoning ordinances, excessive setback requirements, and minimum square footage requirements for land and or buildings, and excessive processing time for permits or taps to water or sewer systems. Additionally, individuals who fear migration of low-income persons or households to a particular area can cause excessive delays in zoning changes, financial support by other federal, state or local sources, and potentially result in the loss of committed funding or integration of low-income persons in areas with higher opportunities.

The jurisdiction continues to monitor trends and changes within the community that negatively impact retention and/or development of affordable housing and will advocate for policy and programs that expand opportunities associated with housing affordability.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City has adopted building codes requiring all homes to be constructed and maintained to protect the health and safety of all residents. Standards are minimal and no unusual or restrictive policies are in place to prevent utilization of older or existing structures. The jurisdiction conducts "plan reviews" that incorporate review of proposed work from all sources for residential or commercial (housing) structures; this in turn reduces the amount of time for the permit issuance.

The jurisdiction continues to incorporate public-private and public-nonprofit partnerships; support applications by developers for state and federal assistance; work with financial institutions to meet their obligations under the Community Reinvestment Act; and reduce, waive, defer or reimburse the cost of development application fees including building permit fees, tap fees, and impact fees.

Discussion:

Although no current building codes or ordinances are in place that would negatively affect affordable housing, affordable housing needs continue in the jurisdiction. Low-income persons continue to experience issues in securing mortgage loans for affordable housing units; mortgage lenders continue to require a minimum credit score of 620- 640. In particular, HUD Mortgagee Letter 19-06 will change the way the jurisdiction assists low income borrowers when the borrower uses funds from other persons or entity to satisfy a portion or all of the borrower's minimum required investment (MRI) including specific documentation the governmental entity is operating in their governmental capacity when providing downpayment assistance. Increased credit score requirements leaves many small one income households, without the ability to achieve the required credit score level, and larger households with two incomes - who are generally overextended or have misused issued credit, the inability to obtain a mortgage loan. Additionally, lower value homes/older housing stock are not easily accepted due to the lack of "valued life and desired area" where value increases are rare without the greater risk of deterioration and area amenities fall short compared to desirable locations. Most low-income households have taken on payday or title loans to help with increasing living costs, then use credit cards to make payments on those short term-high interest loans. This cycle increases the burden of the available income sources without accompanying increases in pay from employment.

This jurisdiction will continue to watch this continued 'hot topic' and strive to educate the public on knowing when and how to use credit wisely. The jurisdiction currently offers this information through its first time homebuyer education programs and, throughout the jurisdiction there are other opportunities for obtaining information through area programs that is provided free of charge.

DRAFT

AP-85 Other Actions – 91.220(k)

Introduction:

This PY19 Annual Action Plan Amendment places the jurisdiction, as a whole, as the ‘first point of contact’ during a declared disaster or catastrophe and opens up its HUD funding to be immediately accessible for use in facilitating urgent actions required of the jurisdiction to protect its community and its citizens with public health and safety measures necessary in such exigency. As required, the jurisdiction will follow issued guidance from HUD and other instruction in use of its federal funding for the care and protection of low- and moderate-income persons while maintaining compliance with associated regulatory and statutory requirements associated with the particular fund source.

The Killeen Community Development Department (CDD) is identified as the "first point of contact" for the institutional structure presented in the jurisdiction’s Consolidated Strategic Plan.

This role is supported by the Killeen City Council and its municipal governance through the roles as “grantee” of various HUD funded programs and in its mission to service residents of the Killeen community. The Community Development Department fosters open participation including supportive assistance with the goal of facilitating a meaningful involvement, encouraging and increasing participation at all levels, especially among extremely low and very-low income groups, and those traditionally under-represented by involving organizations which represent the population’s needs across the community.

Actions planned to address obstacles to meeting underserved needs

The jurisdiction will continue to utilize its HOME funds from previous program year 2016, 2017, and 2018. FY 2016 and FY2018 funds will continue to assist renter households through tenant based rental assistance until those households can obtain a housing choice voucher or receive other housing assistance from one of the local administrators or receives benefits not previously known to be available to the person/household (i.e., survivor benefits of a deceased military spouse, veterans affairs supportive housing voucher, etc.). The Tenant Based Rental Assistance (TBRA) Program will continue to provide rental subsidies to very low and extremely low-income renters that are victims of domestic violence, and persons at-risk of homelessness due to excessive cost burdens associated with housing. Unlike project-based subsidy programs in which tenants receive assistance only if they live in designated developments, TBRA enables eligible tenants to receive assistance for rental units of their own choosing,

provided the units meet basic program requirements. HOME funds from program years 2017 and 2018 will be used to assist first time homebuyers attain homeownership through down payment and closing cost assistance and will provide rehabilitation to those assisted housing units ensuring the new owner-occupants have a housing unit that meets current property maintenance codes. Program Year 2017 and 2018 CDBG funds will continue to be used for housing rehabilitation activities that will benefit low-income persons ensuring the housing unit is safe for the occupants by addressing issues non-compliant with the current property maintenance code adopted by the jurisdiction.

Previously reprogrammed PY2016 CDBG public facilities and improvement project funds, from the Girl Scouts of Central Texas -renovations for Killeen Service Center to Killeen Community Services Department - Bob Gilmore Senior Center renovations and the add on funding from the PY 2018 allocation [for the same] is being redirected from 'renovations/rehabilitation of an existing structure' to 'construction of a new facility' which will be located on the same property site but not on the same location where the current structure exists. The center location remains in the North Killeen Target Area and will serve elderly persons with various daily opportunities to participate in planned programs and events. The PY2019 CDBG funds will be added to the existing funds for and the jurisdiction anticipates additional contribution of its future CDBG funding, paired with local funds, will complete the project by the end of FY2021 (September 2022). Additionally, CDBG funds for program year 2019 will assist nonprofit organizations deliver public service programs providing tutoring and mentoring for youth, transportation for the elderly persons, senior nutrition and transportation, case management for persons experiencing homelessness, and health care programs for the jurisdictions extremely low to low/moderate income persons. PY 2019 CDBG funds will also be used to further the housing rehabilitation activities benefitting low-income households

Actions planned to foster and maintain affordable housing

The City will continue to foster and maintain affordable housing initiatives through increasing the availability of affordable housing opportunities for extremely low and low/moderate income renters and owners; rehabilitation programs will encourage participation from the private sector to maintain and prolong the life of the City's affordable housing stock.

PY 2019 HOME funds will be added to the PY2018 HOME funds to be coupled with owner investments to substantially rehab and/or reconstruct owner and rental housing units in the North Killeen Revitalization Area/North Killeen Target Area; the program will be known as the North Killeen Housing Redevelopment Program. The program intends to engage owners to participate in the revitalization of the north Killeen area, an area that is slowly on the decline in property value and property life. The HOME assisted units will be governed by the required affordability period, to the property owner, based upon the amount and type of unit receiving the HOME assistance. Without intentionally directing low-income persons to areas with higher concentrations of low-income persons, the jurisdiction intends to sustain the affordable housing units for low-income persons residing within the Killeen jurisdiction. The

program will begin with this pilot program and re-asses the need for continued funding at the end of the proposed 2 year cycle; September 2021

Actions planned to reduce lead-based paint hazards

The Housing Rehabilitation Program will provide homeowners with repair to vital components of the housing structure, address issues where lead based paint is present, and reduce architectural barriers within the home for accessibility purposes. The Killeen Housing Redevelopment Program (HOME) and the First Time Homebuyer Assistance Program (HOME) will ensure that housing units acquired by first time homebuyers and or are owned and occupied by low-income owners, and HOME assisted rental units are free of lead paint hazards. These efforts reduce the overall hazard of lead-based paint in affordable housing units in Killeen.

Actions planned to reduce the number of poverty-level families

The jurisdiction will continue to foster partnerships with area agencies and organizations that provide supportive services, education, and information to poverty-level families helping those individuals and families excel in advancing one's individual education level, the means of obtaining work skills, and in methods of financial planning for future successes also ensure that children have the greatest opportunity to succeed academically through targeted programs that may assist in graduating them from their current economical disadvantages.

Actions planned to develop institutional structure

The jurisdiction will continue to work with the area council of governments, the county, and local area governments in assessing the needs of the area and developing a strategy to communicate with residents and identify and address the housing and supportive service needs for low-income and homeless individuals and families through activities that are funded with the jurisdiction's HUD funds.

Actions planned to enhance coordination between public and private housing and social service agencies

The jurisdiction will continue to encourage participation among various groups of the public and private sectors to coordinate efforts in serving the residents of the Killeen community through planned human service network meetings and periodic meetings with area groups and organizations that provide housing, supportive housing, and social services to the community.

Discussion:

Although many items listed above are relevant and planned for addressing community need within the jurisdiction, staff, funding, and other coordination efforts among entities outside of the realm of the Killeen Community Development Department are limited which reduces the ability to effectively impact the magnitude of the need. Local funding to other service and program providers continues to be reduced as well with coordinated efforts addressing those with the greatest need and leaving others with limited options for assistance.

Program Specific Requirements
AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

DRAFT

Introduction:

The grantee confirms that a minimum of 70% of its annual CDBG allocation will be used to benefit low- and moderate-income persons for one program year. The grantee is confirming an amount equal to nearly 81% (80.5%) of its program year 2019 CDBG funds will directly benefit persons having annual income equal to or less than 80% of the HUD established Area Median Income (AMI) therefore exceeding the minimum required percentage.

The grantee will use remaining CDBG program income from prior program year 2018 = \$4,236.00 as resources for program year 2020; additionally the grantee will use reprogrammed funding from prior years completed projects, \$9,114.08, for funding resources for its proposed program year 2019 projects.

The HOME program receives continuous program income in the approximate amount of \$41,860 annually; the jurisdiction will use anticipated program income from program year 2019-\$49,821.73 for its proposed program year 2019 projects.

The jurisdiction has included a copy of the previously approved Recapture Policy (Fort Worth HUD-FO approval and effective Oct. 1, 2016). The document is attached in the Grantee Appendices; no changes have been made to the policy since inception.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The jurisdiction provides for one program under its HOME funding: First Time Homebuyer Assistance with Repairs (rehabilitation) or HAP w/Repairs.

The HAP w/Repairs program provides down payment and closing cost assistance to low-income buyers purchasing their first home along with rehabilitation that corrects local codes regarding existing property and adopted from the International Property Maintenance Code (IMPC). Applications for the program are on a revolving basis and accepted throughout the year provided adequate HOME funds are available; applications are available on the City's web page. Participants attend educational classes and receive individualized one-on-one counseling in the homebuyer process, budget preparation and consideration, credit worthiness, prior to receiving the assistance. Afterward, education continues with courses on: management and maintenance of their investment, financial investment for the future, foreclosure prevention. All participants must be able to qualify for a traditional mortgage through participating mortgage lenders. HOME assistance is provided as down payment, closing costs and other eligible costs up to \$7,500 with a minimum buyer investment of \$500 toward the purchase of the assisted unit; funds are secured by filing a security instrument with the county of record. Rehabilitation actions take place once the unit is transferred to the new buyer with the HOME assistance provided as a grant.

The jurisdiction will implement a new housing redevelopment program named - North Killeen Housing Redevelopment Program. The program aims to address deteriorating housing stock - owner and rental- located in the North Killeen Target Area encompassing the following Census Tracts/Block Groups: 226.01/01; 226; 228.01; 229.01; and 235. HOME affordability will be governed by the use of the funds - owner or rental housing rehabilitation. Acquisition is not expected for this program. New or re-construction may take place on vacant property that once was the site of owner housing. Rehab actions will ensure the property meets current building code for existing property as governed by the International Property Maintenance Code (IPMC) as adopted by the jurisdiction and the Community Development Housing Rehabilitation standards as issued by HUD.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The jurisdiction will impose a "recapture" clause for all of its programs that assist first time homebuyers. The recapture policy remains from previously HUD approval which requires full repayment of the HOME assistance at such time the assisted household breaches the legally binding

agreement. The revised policy does not penalize a household for increasing their potential for success when the previously assisted unit is sold; the HOME assistance is then recaptured on a pro-rata basis.

The recapture policy is attached in the Appendix and is titled: Killeen Recapture Policy, Revision July 2016. This current policy was effective on all HOME assisted First Time Homebuyer Assistance Program activities beginning October 1, 2016. In brief, the policy identifies the required affordability period based upon the amount of HOME Program assistance provided with a minimum of five (5) years for amounts over \$1,000 up to \$15,000, ten (10) years for amounts over \$15,000 up to \$40,000, and fifteen (15) years for amounts over \$40,000. The affordability period requirements do not apply to rehabilitation actions or funds used for rehabilitation on single family dwellings. The affordability period begins on the date the fully executed closing disclosure becomes part of the project file, the project completion data is entered into the federal reporting system and a security instrument is officially recorded in the office of the real property (land) records of Bell County, Texas. The federal assistance is provided as a deferred payment loan at zero percent (0%) interest secured by a fully executed HOME Written Agreement, Promissory Note and Deed of Trust. The affordability period is complete at such time the assisted buyer(s) have occupied the HOME assisted housing unit as the primary residence for the duration of the affordability period. The jurisdiction conducts annual verification of residency on all active households receiving assistance through the program. In the event the assisted buyer breaches the terms and conditions of the assistance - the jurisdiction will recapture the entire amount of the HOME investment.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The minimum affordability period is five (5) years. The affordability period will begin on the date that a fully executed closing disclosure (i.e., HUD-1) becomes part of the project file and the project completion data is entered into the federal reporting system-integrated disbursement information system (IDIS). Furthermore, the affordability period shall be complete at such time the originally assisted buyer(s) has, for the duration of the applied affordability period, remained in the HOME assisted housing unit as their primary residence.

DRAFT

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The jurisdiction will not engage in the use of HOME funds to refinance existing multifamily debt.

The HOME funded homebuyer assistance program continues to be a staple in the community, affording low-income households opportunity for homeownership.

The HOME program rule requires Community Housing Development Organizations (CHDOs), a private nonprofit, community-based organization that develops affordable housing for the community it serves, to demonstrate: it has at least one year of experience serving the community where it intends to develop the HOME-assisted housing; its capacity with experienced key staff and completion of similar projects; and meet the required organizational structure of the board of directors.

Eligible CHDO set-aside activities include: acquisition and/or rehabilitation of rental housing; new construction of rental housing; acquisition and/or rehabilitation of properties for homeownership; and new construction of homebuyer properties. The jurisdiction must set aside a minimum of fifteen percent (15%) of its annual HOME allocation for housing development activities in which qualified CHDOs may participate; the jurisdiction may set aside more than the required percentage, if it so chooses. Additionally, the jurisdiction has up to twenty-four (24) months from the date the annual allocation is received to designate the CHDO(s) in which the funds will subsequently be awarded.

Previously, the City of Killeen has recognized two entities as CHDOs - Fort Hood Area Habitat for Humanity and Hill Country Community Housing Corporation. At present, neither organization has completed the necessary compliance requirements to attain the local re-designation nor are they interested in attempting the certification or submitting an application for the set aside funds. The jurisdiction continues to provide informal presentations to organizations that will serve the area and to

local organizations that could be fostered and educated in the concept of federally funded affordable housing development; at this time, no one organization is designated as a Killeen CHDO.

For this program year, the jurisdiction will set aside \$61,629.15 for the required amount of CHDO funds but without specific allocation to a particular entity or activity/project. Staff will continue to seek out and engage with affordable housing providers encouraging them to establish a new CHDO entity or to join with either of the two previous organizations to enhance their ability to once again achieve the required organization capacity as a community housing development organization.

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0009
Expiration Date: 02/28/2022

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

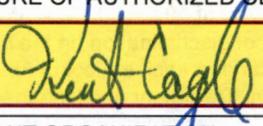

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

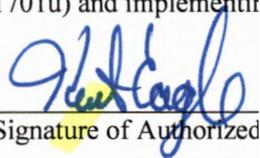

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

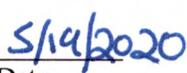

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction’s consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

DRAFT

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

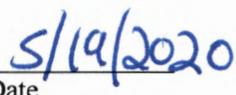

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter’s rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

DRAFT

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.
