Case No.: 08-06-2994P

The Honorable Timothy L. Hancock
Mayor, City of Killeen
Post Office Box 1329
Killeen, TX 76540

Follows Conditional Case No.: 03-06-1741R
Community: City of Killeen, TX
Community No.: 480031
FIRM Panel Affected: 48027C0280 E

116

Dear Mayor Hancock:

In a Letter of Map Revision (LOMR) dated September 30, 2009, you were notified of proposed modified flood elevation determinations affecting the Flood Insurance Rate Map (FIRM) and Flood Insurance Study (FIS) report for the City of Killeen, Bell County, Texas. These determinations were for Trimmier Road Ditch - from approximately 130 feet downstream of Trimmier Road to approximately 1,760 feet upstream. The 90-day appeal period that was initiated on October 20, 2009, when the Department of Homeland Security's Federal Emergency Management Agency (FEMA) published a notice of proposed Base Flood Elevations (BFEs) in the *Killeen Daily Herald*, has elapsed.

FEMA received no valid requests for changes to the modified BFEs. Therefore, the modified BFEs that became effective on October 30, 2009, remain valid and revise the FIRM and FIS report that were in effect prior to that date.

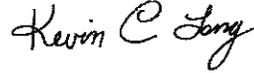

The modifications are pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Public Law 93-234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, Public Law 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. The community number(s) and suffix code(s) are unaffected by this revision. The community number and appropriate suffix code as shown above will be used by the National Flood Insurance Program (NFIP) for all flood insurance policies and renewals issued for your community.

FEMA has developed criteria for floodplain management as required under the above-mentioned Acts of 1968 and 1973. To continue participation in the NFIP, your community must use the modified BFEs to carry out the floodplain management regulations for the NFIP. The modified BFEs will also be used to calculate the appropriate flood insurance premium rates for all new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

If you have any questions regarding the necessary floodplain management measures for your community or the NFIP in general, please call the Director, Mitigation Division of FEMA in Denton, Texas, at (940) 898-5127.

If you have any questions regarding the LOMR, the proposed modified BFEs, or mapping issues in general, please call the FEMA Map Assistance Center, toll free, at 1-877-FEMA MAP (1-877-336-2627).

Sincerely,

Kevin C. Long, Acting Chief
Engineering Management Branch
Mitigation Directorate
