PETITION FOR PERMANENT TRAFFIC MANAGEMENT DEVICE CONSTRUCTION

The following form is a sample petition for construction of permanent traffic management device(s) within a residential neighborhood.

Please provide evidence of neighborhood support for the permanent device construction by securing at least two- thirds of the owners of households/businesses adjacent to the requested street within the boundary area.

EVIDENCE OF NEIGHBORHOOD SUPPORT

We hereby offer our support for construction of a permanent traffic management device located on the requested street within the boundary area identified on the Traffic-Speed Study Request Form. We understand that the traffic management device installation, if warranted, shall meet the guidelines established in the City of Killeen’s Traffic Management Program and must be approved by City Council.
